We highly recommend tables of 10+ to dine on our set menu. You will be served each item listed on the menu, and each dish will be portioned out according to how many guests are confirmed for the evening. This way, you will not have to decide on food on the night and instead will be served a large selection of the best Asian fusion food in Auckland. You can even add a dessert platter for an extra \$10pp!

Please note that we can **cater these to fit dietary or allergy requirements**. In which case, the appropriate alternatives will be set out alongside the dishes on the chosen menu, or we can create a specific dietary-fitting menu for you.
